**Golf Cart/ 4 Wheeler/ Pit Vehicle Insurance**

**Compliance Agreement**

Effective Jan 1<sup>st</sup> , 2020 per our insurance company, all pit vehicles must have insurance, and a copy of the insurance card must be on file with the track office. Once we have a copy of the insurance card, you will receive a compliant sticker to place on your pit vehicle, that must be in a visible place on that vehicle. Please remember you must be at least 16 years of age, a licensed driver to operate a pit vehicle on the premises. The speed limit is 10 MPH through the pits everywhere. Your car number must be clearly placed on the pit vehicle associated with the car it is with. Remember if you lend out your pit vehicle you are responsible for that party driving at that time. There will be a yearly \$20.00 fee for all pit vehicles being used. We thank you for your cooperation in this matter and look forward to seeing all of you in April.

Thank you,  
QCMP Management
